Dear Bill:

Once again, you have outdone yourself. The presentations of you and your people were just first-rate and really covered the entire waterfront. I'm glad all of the Board members were exposed to the people who we always hear of but never meet. They were all impressive. Please pass along our thanks for a job well done.

I was happy to hear Barry Goldwater's very favorable comments about the Community and your leadership. Also, and as you know, several of our more active members have been impressed by the quality of some of the more recent NIE's. I am very happy with these developments.

Bill, I sincerely believe that the Intelligence Community has come a long way during the past two years and has done outstanding work. However, and as we all know, there is always room for improvement. With this in mind, I know you understand that all of us on the PFIAB are working with one goal in mind -- the best intelligence in the world. I am sure that is your goal, also. We look forward to working together with you to achieve this.

Our staffs are trying to schedule a time when Leo, you and I can get together as you suggested.

Thanks again and all the best. With warmest regards,

Sincerely,

Anne Armstrong

Joe: I'd guess the
Dei would like to
acknowledge this rather
personal - and very nice -
letter himself.
